## Education Support for Young People

FCA North West is a registered AQA Unit Award Scheme Centre. This means that children and young people of any age or ability can complete a range of AQA UAS Units and gain certificates, either through group workshops or independent achievements.

Some examples of topics young people can gain AQA certificates in include Diversity & Inclusion, Food Hygiene, Money & Budgeting, Volunteering, and Hair & Beauty. The AQA Award Scheme is a great way to support young people's confidence, self-esteem, and preparation for adulthood.

Partnering with universities and local providers, we also offer career and aspiration taster days. These days give young people the opportunity to experience what it's like to work in certain professions and gain an AQA certification to add to their CV for the future.
